

Sustainability is important to eaSt. This also includes conserving resources. That is why we have RE-eaSt. RE-eaSt stands for "returnable eaSt" and means that you can send us your worn-out clothes back. We recycle the material and return it to the value chain. True to the motto: Make new from old!

That is not only sustainable, but you can also profit from it! For each reggings R1 or riding breeches R2, you will receive a 15 Euro voucher in eaSt's online shop. If you want to recycle your R1 or R2, please fill out this form and include it in the same parcel as your pants.

Please note: You have to pay the return shipping fee yourself. We will send you your voucher via e-mail. For each purchase in our shop, you can only use one voucher. One voucher can have a maximum credit of two breeches/reggings.
